Shortly after returning from his service in the United States Army in 1974, Ron Weaver founded Accredited Lock Supply—a small locksmith operation with Ron, his father and grandfather as the only employees. Today, Accredited Lock Supply has grown to serve as the nation's largest single-source wholesale distributor serving customers throughout the United States and abroad.

Accredited Lock Supply relies on the family values instilled by humble beginnings—operated by Ron and wife Pam and their five children: Georgette, Charlie, Michael, William and Ryan. Together, the family serves as the backbone of the 55-member team that represents Accredited Lock Supply. We're a tight knit group dedicated to providing exceptional service at all levels of our operation.

Our catalog features more than 75,000 residential, commercial and industrial products giving locksmiths a premier distributor to turn to for all their needs. Whether you are an independent locksmith or serve large institutions, Accredited Lock Supply has the products, services and training you can count on for a secure future.

**CABINET LOCK SOLUTIONS THAT WORK FOR YOUR FACILITY.**

Olympus lock has over 20 years experience designing and manufacturing easily rekeyable pin tumbler, interchangeable core and engineered cabinet lock bodies for third party cylinders. We offer a wide selection of keyways and cabinet lock solutions for commercial and institutional facilities. Our design philosophy is to create locks which provide long-term benefits to the facility through increased efficiency and easy maintenance. Call us today to find out which locks might be right for your next project.

**MARKETS SERVED**  
education | health care | gaming | airports | museums  
prisons | banking | retail | laboratory | lockers

**KEYWAY COMPATABILITY**

**SMALL PIN**  
These low cost alternatives allow for pin-tumbler security without the need of a commercial keyway.

**COMMERCIAL KEYWAYS**  
These locks accept any Schlage compatible key-in-knob cylinder including Medeco, Videx and Mul-T-Lock as well as lock bodies for Sargent original cylinders.

**INTERCHANGEABLE CORE**  
Match your cabinet locks to your new or existing interchangeable core key system. Choose from Small Format (BEST), Schlage Full-Size, Medeco, Yale or Corbin/Russwin.

Keyless access locks trusted by more leading retailers, firms, hospitals, schools & airports

Here's why more leading facilities trust their access control needs to Trilogy:

- Give electronic keyless access to up to 2000 users or ID cardholders - add them at the door with just your fingertip
- Uses the same ID cards and gives the functions of a wired PC-based access system: Set free-passage mode or automatic-lock/unlock times by real time schedule; get door-use reports by user, date, time, even to your PC
- Installs in under an hour to provide keyless access for a third of the cost of a wired system
- Eliminates the need for keys.
- Comes in styles to fit any door.
