

Indoor/Outdoor Range

This very versatile mirror will adjust to any angle to allow an optimal line of sight. The indoor/outdoor mirror can be positioned at the end of shelving units where surveillance is needed. With its painted back, it is also ideal for sheltered outdoor and industrial situations.

Mounting System: J-bracket
Back: Painted Hardboard

INDOOR/OUTDOOR

Part #	Diam.	Weight lbs.	Combined Distance	Mirror Face	List
DU68038JP	18"	3	23'+	Acrylic	\$89.50
DU68056JP	24"	4.5	33'+	Acrylic	\$153.68

Heavy Duty Range Acrylic & Stainless Steel

This robust heavy duty mirror is ideal for exterior locations such as industrial warehouses, cold storage and traffic situations. The back is made from 1/2" UV resistant PVC and comes with a choice of an acrylic or stainless steel face, depending on the level of vandalism, or where projectiles are an issue.

Mounting System: J-bracket
Back: PVC

HEAVY DUTY

Part #	Diam.	Weight lbs.	Combined Distance	Mirror Face	List
DU68044S	18"	5.75	93'+	Acrylic	\$135.00
DU68062S	24"	8.5	125'+	Acrylic	\$210.00
DU66062S	24"	17	140'+	S/Steel	\$460.00

Deluxe Stainless Steel Range

This mirror has a powder coated galvanized steel back, and hood. It also comes in traffic orange for enhanced visibility. Ideal for most traffic situations such as blind corners and intersections. The unbreakable stainless steel face is perfect for situations where vandalism or projectiles such as rocks are an issue.

Mounting System: 3" Clamp Bracket
Back: Powder Coated Steel

DELUXE

Part #	Diam.	Weight lbs.	Combined Distance	Mirror Face	List
DU66066C	24"	22.5	140'+	S/Steel	\$535.49

Indoor Full Dome Range

The full dome is probably the most effective surveillance method and deterrent to retail theft due to its large 3600 area of reflection. The full dome comes complete with our unique suspension kit for optimum height positioning or dome top screws for mounting direct to ceilings.

Mounting System: Suspension Kit/Screws

Back: N/A

FULL DOME

Part #	Diam.	Weight lbs.	Combined Distance	Mirror Face	List
DU68524H	18"	1.75	10'+	Acrylic	\$135.00
DU68584H	24"	2.75	20'+	Acrylic	\$165.60

Indoor Half Dome Range

The extra wide field of vision provided by the half dome can reduce collisions and accidents in any situation. This wall mounted mirror is particularly effective at 180° T-junctions. All half dome mirrors come complete with dome top screws for direct fixing to walls.

Mounting System: Dome Top Screws
